

# Enhanced Language Training (ELT) program for Internationally Educated Engineers and Health Care Professionals

**This free program begins Monday August 25, 2008**

- Classes are Monday, Tuesday, Wednesday and Thursday evenings 5:00pm - 9:00pm for 22 weeks so you can attend classes even if you work during the day.
- There is a non-paid 2-week job-shadow placement for qualified participants in your field to get Canadian experience and a local reference.

**Call us directly to apply. No referral is required from any other agency.**

## What will you learn?

1. **Language Skills** including speaking, listening, pronunciation, grammar and specialized reading and writing skills
2. **Understanding the Canadian workplace** by visiting companies and speaking with local professionals
3. **Computer Skills** - daily practice using Microsoft Office, the Internet & other software

## Join us if you are:

- Internationally educated (outside of Canada) and living in Canada for 5 years or less
- Having difficulty finding a job because of language skills
  - **You can be employed or looking for work**
- A permanent resident or refugee
- Have 1 of the 4 Canadian Language Benchmarks at level 6

**Naylor-McLeod Group Limited** has provided quality language and job search training since 1989 including Language Instruction program for Newcomers to Canada (LINC), the Job Search for New Canadians and Post-Secondary Graduate Job Focus programs.

**Call (519) 821-5003 to apply.** We will arrange your language assessment.

**ELT for Engineers starts August 25, 2008. Sign up now!**
